EDUCATION

Honours Bachelor of Science Computer Science (in progress)
Lakehead University-Georgian College

Sep 2024 - ongoing

- Concurrently pursuing a concurrent Honours Bachelor of Science in Computer Science degree through Lakehead University and a Computer Programmer diploma through Georgian College; presently in year 2.
- Key topics include:
  - Backend and server-side development: MySQL, NoSQL, PostgreSQL, Java, C#, PHP, ASP.NET, emphasizing OOP.
  - Web Development: MERN, utilizing React, Express, Typescript, and CSS frameworks.
  - Systems and low-level programming: CMake, C++, Arduino (C++).

École Secondaire Catholique Renaissance, Aurora

Sep 2020 - June 2024

- Obtained the Ontario Secondary School Diploma in a French curriculum school.
- Completed SHSM program: Specialist High Skills Major in Health & Wellness.

ADDITIONAL LEARNING

Coding Bootcamps, Udemy

React - The Complete Guide 2025 (incl. Next.js, Redux) (link)

- Built scalable React 19 applications using Hooks, Context API, Redux Toolkit, and React Router.
- Developed full-stack apps with Next.js App Router and React Server Components.
- Implemented forms, authentication, API integration, animations, and unit testing.
- Applied modern React best practices, performance optimizations, and deployment workflows.

WORK EXPERIENCE

Department of National Defence, Base Borden— *IT Co-op Student & Temporary Unit IMO*

June - Aug, 2026

- Served as Temporary Unit Information Management Officer (IMO) for the Canadian Forces Training Development Centre (CFTDC), leading modernization of the SharePoint environment used by 50+ staff across the unit's nearly ten departments.
- Gathered requirements from each department through recurring stakeholder meetings, translating them into redesigned SharePoint pages, new site sections, and dedicated departmental document libraries.
- Administered page- and folder-level permissions across the site, structuring departmental access in line with DND information-management standards.
- Built a Power Automate workflow that replaced a recurring manual process, removing repetitive administrative steps for unit staff.
- Authored user guides and standard operating procedures adopted by staff to support the redesigned environment.
- Environment: SharePoint Online (Microsoft 365), Power Automate, Power Apps, Microsoft Lists & Forms, Teams and Outlook. Security clearance: Reliability Status (Government of Canada).

Town of Bradford West Gwillimbury— *Camp Counsellor*

July - Aug, 2023 to 2025

- Designed and facilitated daily educational activities (crafts, games, team-building exercises) for groups of 30+ campers aged 4 to 8, fostering creativity, teamwork, and fundamental skill development.
- Resolved conflicts and promoted inclusivity by mediating disagreements among campers and implementing behaviour management strategies to ensure a safe and welcoming environment.
- Collaborated with parents and staff: Communicated daily updates to caretakers and parents, addressed concerns, and partnered with colleagues to optimize camp procedures and workflows.

Food Basics, Bradford — *Meat Associate*

Jan 2023 - May 2023

- Delivered customer service: Assisted shoppers with product inquiries, recommendations, and special requests, promoting a positive shopping experience.
- Collaborated with team members: Supported efficient workflow during peak hours to meet departmental goals and maintain organized displays.

PERSONAL PROJECTS

Shopping store

ReactJS Front-End Project - Link

Developed an art gallery store web application

- Utilized React concepts: hooks, encapsulation/modulisation, module styling, and a CRUD mock database.
- Developed elementary Tailwind CSS abilities.

Restaurant Review App

ASP.NET MVC core solution

A restaurant review application, where users can rate a restaurant.

- Stripe Gateway implementation of a payment.
- Role implementation via authentication and authorization.
- Create-Read-Edit-Delete (CRUD) implementation of a database.

VOLUNTEER

AUTOHACK 2.0, Honda — Georgian College, Barrie

March 3, 2026

Hackathon

VP Communications, Student Council — Georgian College Residence, Barrie

Sep 2024 - Dec 2024
